

ABBAY KITCHENS

CHELTENHAM & THE COTSWOLDS

ABBAY KITCHENS

CHELtenham & THE COTSWOLDS

Established for over 20 years, we are a family owned and operated business with a prestigious reputation for being caring and attentive, whilst going above and beyond to make sure that our clients receive the best service possible.

Our design and craftsmanship together with our attention to detail is renowned, receiving excellent customer feedback.

This brochure features a number of completed projects for our clients. These illustrate the quality and bespoke nature of our furniture and we hope that you find them inspiring for your own home.

David, Debbie and James Baker (Husband, Wife and Son)

Bespoke Hand-Made Kitchens

From Traditional

To Contemporary

Beautifully designed - unrivalled
attention to detail

Expertly fitted and finished by
our highly skilled craftsmen

No two kitchens are the same. Each
kitchen is designed specifically for our
clients and the home in which they live.

We provide innovative storage
solutions to maximise space, no matter
what the size, tailoring each to the
requirements of our client.

We provide the kitchen of your
dreams - both beautiful and practical.

Our clients...

All of our clients are treated with the utmost respect, and we work closely with you to ensure that you receive the best possible service, from the initial design all the way through to installation and beyond. We are always available should you have any questions regarding the design, or the fitting of your dream kitchen. We only commit to one project at a time, therefore enabling us to offer you our full attention and focus.

We work to a range of budgets – from traditional bespoke kitchens to handle-less modern designs.

We have a range of styles on display at our showroom near Sudeley Castle in Winchcombe, just outside of Cheltenham.

Of course, every kitchen is individual and these are here to offer you some guidance and inspiration.

“Abbey Kitchens is one of very few companies we have worked with who excel in all areas of their business. The design was excellent and accurate, advice helpful and reassuring, the standard of service superb and the final fit of our kitchen was to the highest standard; with exceptional attention to detail resulting in a fabulous finish. We now have a beautiful kitchen that looks stunning and works really well. This is one company we can recommend 100% - everyone at Abbey Kitchens has been a pleasure to work with.”

Joanna and Peter Ruddock

Why Abbey Kitchens?

We are family owned and operated - husband, wife and son (David, Debbie and James Baker) and like any true family organisation we genuinely care, are attentive, and will go above and beyond to make sure that you receive the best service possible.

Abbey Kitchens has been established for over 20 years – we receive excellent customer feedback and the majority of our business comes from recommendations.

We are proud members of KBSA – meeting highest standards of professionalism and workmanship, and to provide consumers with an assurance of quality together with deposit protection.

All timbers used are 'A' Graded and only from sustainable sources – FSC certificate number C015905 www.fsc.org We care about the environment.

Truly Bespoke – many companies claim to offer bespoke products when in reality they use standard sized units. All of our bespoke range is TRULY bespoke, made to order and handmade by master craftsmen.

Our focus is solely on you – we only ever work on one project at a time, therefore our fitter will not disappear half way through your fit!

Longevity, skill and reliability – we have used the same fitter and painter for many years, in our opinion two of the best tradesmen in the business.

A fantastic product at a fair price – we charge what we consider to be a fair and reasonable price. We don't offer gimmicks, bogus 50% sale prices etc, just a fair and honest price for a truly fantastic product.

“What really differentiated Abbey Kitchens was the whole experience of having the kitchen designed and installed, with great kitchen components, good advice, use of outstanding tradesmen and the general experience that nothing was too much trouble. Abbey Kitchens had all those little touches which turned a good service into an excellent one. The final results are brilliant.”

Richard and Anna Newton

Bespoke kitchens, hand-made to any size, colour and finish...

Abbey Kitchens are manufactured to the highest standards using only sustainable timbers. They are built using traditional carpentry of time-honoured craftsmen.

We offer a bespoke service whereby cabinetry can be made to any size and manufactured in a wide range of materials.

Our high-quality cabinets can be made from wood, wood veneer or laminate board, enabling us to work to most budgets yet still achieve an individual look.

Our bespoke kitchens are hand painted on site after the kitchen has been installed. Clients can choose any colour from any paint chart therefore creating a truly unique kitchen.

We manufacture in a range of beautiful timbers such as oak, beech, maple ash, alder and walnut.

With our framed and on-laid kitchens all doors are 25mm thick as standard with 'Blum' soft close hinges. All drawer boxes are manufactured in a hard wood of your choice and have a soft close system as standard.

All of the wood that we use in our kitchens is 'A' graded and comes from managed sustainable forests.

We can incorporate any integral appliance or fittings into the design of our kitchens, e.g bins, magic corners, pull out systems etc.

Offering a wide range of worktops, including solid wood, granite, quartz, corian etc, and with a number of door styles and hundreds of door handles to choose from, every kitchen is unique to each client.

**“Just wanted to say ‘thank you’
very much for our dream kitchen.
The service we received was second
to none – a professional and very
personal service. We wouldn’t
hesitate to recommend you.
With very best wishes.”**

Simon, Christine, Aimee and Oliver Morris

“We weren’t really sure just what we wanted, when we started our search for a new kitchen. Abbey Kitchens immediately stood out from the crowd, with their expert guidance and friendly personal service. They helped us realise our dreams, with a beautiful, well crafted kitchen, assembled and decorated by true craftsmen.

Debbie, David and James were extremely attentive, and each went out of their way to make sure that we were happy at all times. We have no hesitation in recommending Abbey Kitchens – they are a great team.”

Brian and Karen Metcalfe

We are not just about kitchens

Fitted wardrobes, custom bench seating, boot rooms, utility rooms and bespoke furniture

Abbey Kitchens design, manufacture and supply all kinds of fitted and free-standing bespoke furniture.

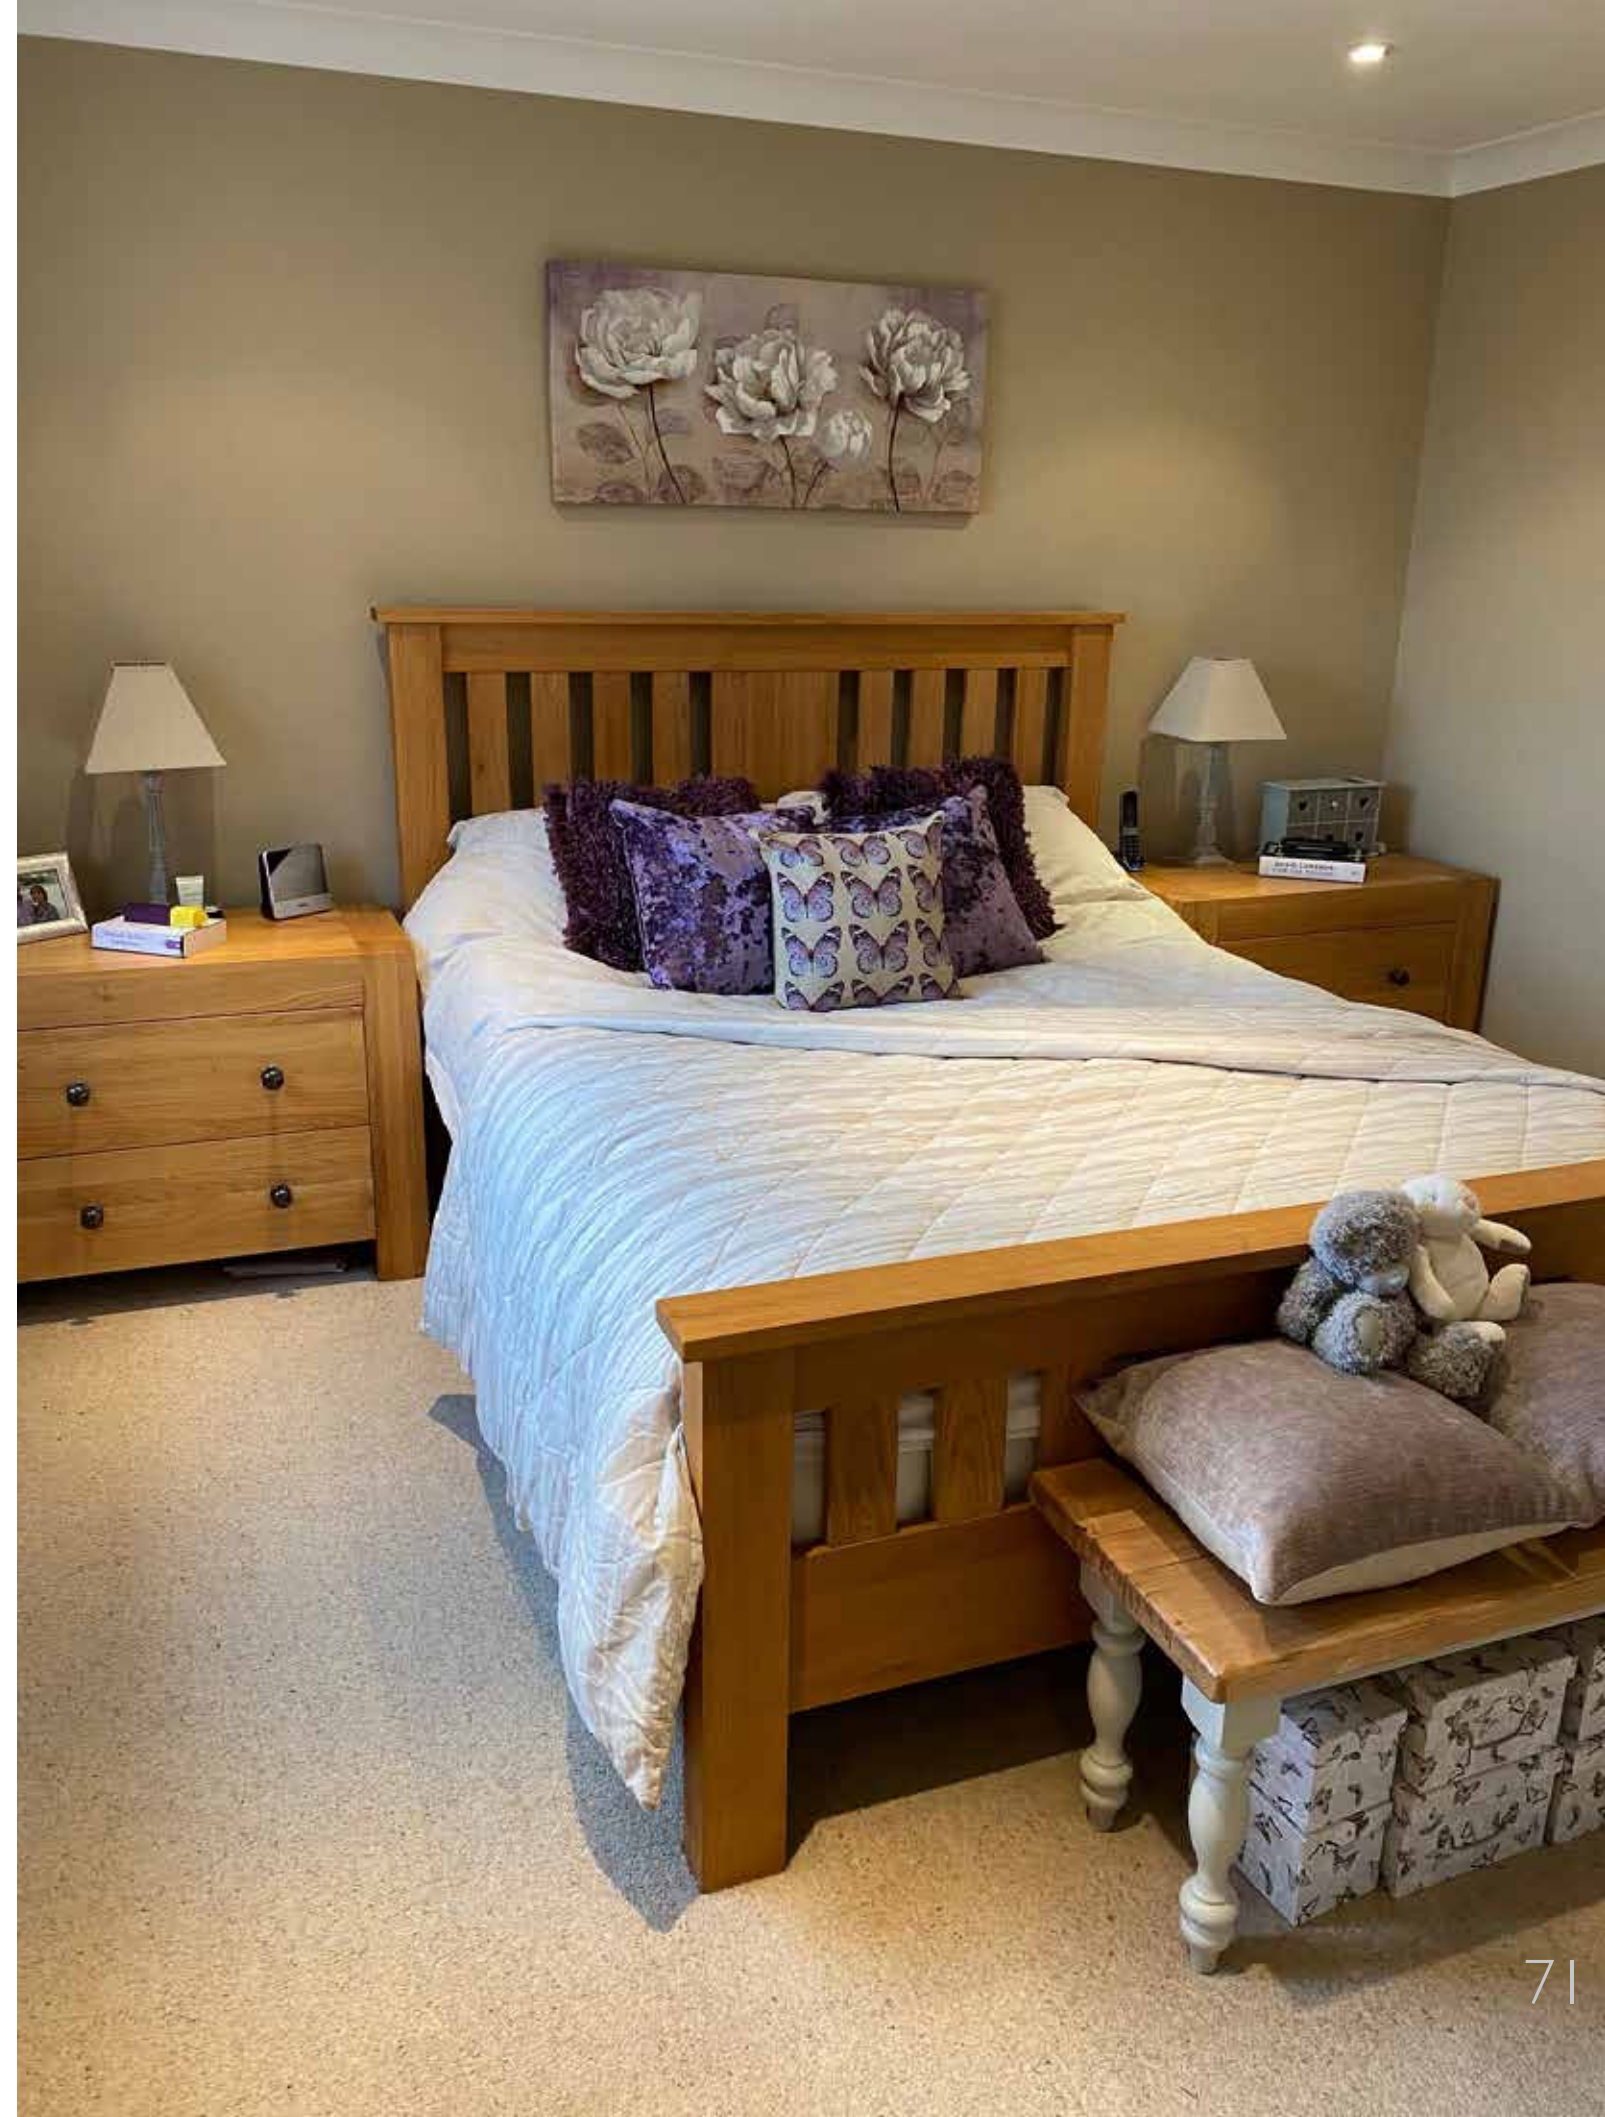

As with our kitchens anything is possible, from traditional to contemporary, natural wood or high gloss, and anything in between.

As the furniture is made to order and hand built by master craftsmen, any issues relating to sloping ceilings, uneven floors or awkward spaces can be accommodated. This also applies to free-standing furniture that can be made to any dimension. For example a dining room table can be made to any height, width or length.

Whether you require a new study, free-standing bedroom furniture, built in wardrobes, or anything unusual then Abbey Kitchens can provide it for you.

“I’m not sure which way round to say thank you – for the beautiful flowers or the fantastic new utility room you have designed and fitted for us. We are indeed thrilled with it and the very thoughtful flowers are looking lovely on the bench in there as I fill up that enormous cupboard. So, thank you for everything. It has been great to work with you both on this project, Mike and I were impressed by your attention to detail and your ‘nothing is too much trouble’ approach, always delivered with a smile. We would be happy to give references or reviews for you.”
